

# Flex

Ultrasonic Washer-Disinfector

## Load. Start. Clean. Repeat.

The Skytron Flex is an ultrasonic washer-disinfector designed specifically for orthopedic, robotic, cannulated, and non-cannulated surgical instruments.

### Cleaner

- Eliminate risks from manual cleaning
- Independent lab tested and validated
- Irrigates with fresh, clean water and detergent
- Meets AAMI ST79 Standards

### Faster

- Cleans more trays in less time with triple the capacity of standard ultrasonic washer-disinfectors
- Multi-step cycle cleans and disinfects in less than 40 minutes
- Streamlined cleaning process for efficient results

### Smarter

- One Skytron Flex is more efficient than multiple ultrasonics and washer-disinfectors
- Simplify operation with only two cycles, Cannulated and Non-Cannulated
- Innovative technology drives down costs

Ultrasonic  
Soak

Clean Water  
& Detergent  
Flush

Ozone  
Final  
Rinse

125 pound weight capacity includes up to six trays per cycle

### Differentiating Features

- Unsurpassed throughput
- Easy to use
- No proprietary trays-use what you currently have
- Fresh water used every cycle
- Cleans orthopedic, robotic, cannulated and non-cannulated instruments simultaneously

### Specifications

Dimensions	52" W x 41" D x 42" H
Weight Capacity	125 lbs
HF Output Power	2,000 watts
Frequency	40 kHz with a sweep of $\pm 2$ kHz
Washer Supply	480V/3 phase 50A, 60 Hz
Watts per Gallon	48 Watts/Gallon
Final Rinse	Critical Water Final Rinse

# Circle of Infection Prevention Solutions

Skytron is the Healthcare Efficiency Specialist, providing full-room solutions of capital equipment, architectural and real-time information systems for Medical, Surgical, Sterile Processing, and Infection Prevention. Our solutions enhance the utilization of people, facilities, and capital because they are designed with the user in mind and have a low, long-term cost of ownership.
