

UVC Disinfection

A comprehensive portfolio to meet your unique needs.

Patient Safety

Our solution is proven to kill bacteria, viruses, and fungi.

Financial Impact

Our portfolio of UVC provides a choice for any budget while still saving money.

Correct Dose

With our SmartDosage UV™ technology, we ensure the correct dose of germicidal energy every time.

Trusted Partner

Skytron is a leader in innovation. We focus on our partners to ensure your path to success.

Our Complete Solution

Correct Dose

- Uses Smart dosing technology to deliver maximum germicidal UVC dose
- Automated to remove human error or moving of device
- Uses 254nm lights which are the most effective UVC wavelength
- Tracking software to give you accurate usage data

Trusted Partner

- Skytron level of quality to help you succeed
- 98% up-time guarantee
- Custom service plans available
- On site training and 24/7 support

Financial Impact

- Skytron's Total Cost of Ownership (TCO) program provides customers with a plan to prevent equipment down-time as much as possible
- Lower total cost of ownership

Skytron provides safe and efficient healthcare solutions delivered through a local representative network that values long-term relationships and comprehensive service.

Focused on providing the highest quality solutions while delivering the lowest cost of ownership, we prioritize transparency and accountability in our actions.
